FEELS LIKE ACREAGE!

If you need a large block of land and would like to get away from the hustle & bustle of city living, then this property may suit your needs. The current owner built this home and the original plan featured 4 bedrooms, in a clever move the owner changed the plan around so to increase the living area, and created a double size bedroom for the teenager.

A very solid home that was built in 2003, the best feature is that it feels like you are on an acre, no rear neighbours but instead you have open country behind you. Great yard for entertaining or for simply enjoying the views and quiet serenity.

- . Land Size 1,074 square metres.
- . No Rear neighbours but plenty of breezes
